

AMANDA SWEARNGIN

Computer Science & Engineering, University of Washington, Seattle, WA, 98125
(402) · 936 · 0258 ◊ amaswea@cs.washington.edu

EDUCATION

- University of Washington** *Began September 2015*
Ph.D. in Computer Science
- University of Nebraska - Lincoln** *May 2012*
Master of Science in Computer Science
GPA: 3.91
- University of Nebraska - Lincoln** *May 2010*
Bachelor of Science in Computer Science
GPA: 3.62
Major GPA: 3.76

REFEREED CONFERENCE PUBLICATIONS

- Amanda Swearngin**, Wilmot Li, Mira Dontcheva, Joel Brandt, Morgan Dixon, Andy Ko. *Rewire: Interface Design Assistance from Examples*. SIGCHI Conference on Human Factors in Computing Systems (CHI), 2018.
- Amanda Swearngin**, Andrew Ko, James Fogarty. *Genie: Input Retargeting on the Web through Command Reverse Engineering*. SIGCHI Conference on Human Factors in Computing Systems (CHI), 2017. (acceptance rate: 25%).
- Amanda Swearngin**, Myra B. Cohen, Bonnie E. John, Rachel K.E. Bellamy. *Human Performance Regression Testing*. Int'l Conference on Software Engineering (ICSE), 2013. (acceptance rate: 18.5%), with **IBM Research**.
- Amanda Swearngin**, Myra B. Cohen, Bonnie E. John, Rachel K.E. Bellamy. *Easing the Generation of Predictive Human Performance Models from Legacy Systems*. Proceedings of the SIGCHI Conference on Human Factors in Computing Systems (CHI), pages 2489 - 2498, 2012. (acceptance rate: 23%), with **IBM Research**.
- Sandeep Kaur Kuttal, Anita Sarma, **Amanda Swearngin**, Gregg Rothermel. *Versioning for Mashups — An Exploratory Study*. International Symposium on End User Development (IS-EUD), pages 25 - 41, 2011. (acceptance rate: 27%)
- Amanda Swearngin**, Berthe Y. Choueiry, Eugene C. Freuder. *A Reformulation Strategy for Multi-Dimensional CSPs: The Case Study of the SET Game*. Symposium on Abstraction, Reformulation, and Approximation (SARA), pages 107 - 116, 2011.

RESEARCH EXPERIENCE

- Adobe Research, Creative Technologies Lab** Sept. 2016 - Dec. 2016, June 2017 - Sept. 2017
Research Intern with Mira Dontcheva, Wilmot Li, Joel Brandt, and Morgan Dixon *Seattle, WA*
- Researched, designed, and prototyped a system using Computer Vision and Machine Learning to reverse engineer and create vectorized wireframes and design mockups from screenshots of user interfaces.
 - Designed, planned, and conducted qualitative and quantitative user study of the system with 16 professional UX designers
- University of Washington** September 2015 - Present
Graduate Research Assistant with Andy Ko and James Fogarty *Seattle, WA*
- Built *Genie*, a framework that uses program analysis methods (static and dynamic) to reverse engineer, describe, and enable re-targeting of inputs to alternate modalities (See Conference Publications).
 - Built *EvoWeb*, a system and interactive web interface to explore user interface changes that have occurred between consecutive versions of a web interface (Not yet published).
- University of Nebraska - Lincoln** January 2010 - May 2012
Research Assistant with Dr. Myra Cohen *Lincoln, NE*
- Developed *CogTool-Helper*, which uses automatic UI-model extraction and test case generation to automatically create storyboards and models for CogTool, a tool for predictive human performance modeling of user interfaces.
 - Researched Combinatorial Interaction Testing (CIT) techniques and built interactive CIT web tutorials.
- University of Nebraska - Lincoln** January 2010 - May 2010
Undergraduate Research Assistant *Lincoln, NE*

- Assisted with research on Combinatorial Interaction Testing (CIT) techniques and developed several educational tutorials for the CIT web portal.

Holland Computing Center

Summer 2008 - Spring 2010

Undergraduate Research Assistant with Dr. David Swanson

Lincoln, NE

- Completed UCARE (Undergraduate Creative Activities and Research Experience) project designing and implementing an interactive web portal for viewing real-time computing statistics.

INDUSTRY EXPERIENCE

Microsoft Corporation

July 2012 - September 2015

Software Development Engineer II, SDET

Fargo, ND

- Designed, developed, and tested features for a new web client for Dynamics AX, Microsoft's new cloud-based ERP solution, and was the primary developer for client layout and UX patterns.
- Developed visual regression testing framework for validating the product across multiple browsers and environments, and integrated it into the build system.
- Was selected by team lead to mentor and onboard 3 new team members.

Cerner Corporation

Summer 2010

Software Engineering Intern

Kansas City, MO

- Conducted performance analyses and implemented C++ performance improvements that were put into production in Cerner's core application (PowerChart), and conducted static analysis runs to improve code quality.

Cerner Corporation

Summer 2009

Software Engineering Intern

Kansas City, MO

- Designed UI and built an interactive patient summary web app for the iPhone using JavaScript, CSS, and HTML.
- Implemented automatic script auditing framework for patient information retrieval in Cerner's SQL-like language.

PATENTS

User Interface Creation from Screenshots, Morgan Dixon, **Amanda Swearngin**, Lubomira Dontcheva, Joel Brandt, US Patent App., Submitted May 2017

Linking graphical user interface testing tools and human performance modeling to enable usability assessment, Rachel K. E. Bellamy, Myra B. Cohen, Bonnie E. John, Padmanabhan Santhanam, **Amanda Swearngin**, US Patent No. 8,903,691, Dec. 2014

SERVICE

Reviewing

- EICS PACM - 2018
- Transactions on Software Engineering (TSE) - 2018

PRESENTATIONS

An Update on COMET (Community Event-based Testing), Workshop presentation at TESTBEDS, co-located with ICST (International Conference on Software Testing, Verification, and Validation), March 2011.

TEACHING

Tutor, UW Computer Science & Engineering – Discrete Math, Software Design & Implementation, 2015-2016

ACADEMIC AWARDS & ACHIEVEMENTS

National Science Foundation Graduate Research Fellowship – 2016

Google Anita Borg Memorial Scholarship Finalist (One of 60 finalists out of 1200 applicants) – 2011

CRA-W Grad Cohort Participant – 2011, 2016

Grace Hopper Celebration of Women in Computing Scholarship Recipient – 2010

UCARE - Undergraduate Creative Activities and Research Experience Project Grant – 2009 - 2010

RECENT LEADERSHIP AND VOLUNTEER ACTIVITIES

Volunteer – ChickTech Seattle, TEALS Puget Sound CS Fair, UW Graduate Women Organization – 2015 - 2016

Mentor – ChickTech Seattle, UNL Girl Empowerment and Mentoring for Computing Project – 2009, 2015 - 2016

Graduate Representative – UNL CS Curriculum Committee, Graduate Student Association – 2010 - 2012
